CHEMICALS AND SUBSTANCES AWARENESS FORM

King's View Academy, within its educational model and its compliance with the Nova Scotia Department of Education Learning Outcomes Framework, keeps certain chemicals on hand as part of its Science programs as well as the Screen Printing program. King's View Academy follows workplace and educational safety standards to ensure the safe storage and use of these chemicals and substances.

Ultimately it is the right of students and their parents/guardians/agents to decide if exposure or contact with these chemicals and substances is warranted. If they choose to avoid these chemicals and substances, alternative educational experiences can be used to meet academic outcomes, as necessary.

This document is not a waiver of rights and it is not the intent of King's View Academy to avoid any of its responsibilities for educating and keeping students safe. It is simply a verification that students and their parents/guardians/agents understand that chemicals and substances are kept/stored/used at King's View Academy that require safe storage and handling, that may be used (by the undersigned student or others at KVA) during the course of the school year.

We, the undersigned, understand that there are chemicals and substances being used at KVA for educational purposes that require safe storage and safe handling.
